TECHNOLOGY FOR SCHOOLS

Streamline your recruitment processes with Teachwise.

Our unique Software platform and mobile app have been specifically designed for busy education professionals, with schools recruitment needs in mind.

The Software uses specialist education technology to provide you with everything you need to efficiently connect with and manage supply staff – from vacancy creation and timesheet approval to invoicing and self-billing.

The Teachwise platform enables you to submit a job posting, match it to candidate database and communicate the assignment to them – meaning you fill your vacancies quickly and efficiently using our database and software.

Unlike current Framework's and existing platforms available the Teachwise Software platform is extremely easy to use.

Our Software provides the ability to directly communicate with our candidate database, this is to minimise the risk of miscommunication as well as problems with last minute cancellations.

Teachwise enables you to take control of the recruitment process and make last minute bookings and changes with ease.

If you require assistance or if you have a busy schedule you can count on a dedicated Teachwise consultant to manage bookings and ensure they run smoothly.

TECHNOLOGY FOR SCHOOLS

At Teachwise we are the
future of school recruitment.

Our Software works across both
desktop and mobile devices, so you
can stay on top of your staffing needs
whether in school or on the move;
and thanks to our mobile app,
reaching staff is quicker, simpler and
more convenient than ever before!

Request a free demo today and see
for yourself how The Teachwise could
save your school or multi-academy
trust time and money.

TALENT & AGENCY MANAGEMENT

The Teachwise software is easy to implement and even easier to use. The training takes less than 30 minutes and our software is straightforward to use, meaning more of your time can be spent where it matters the most – on children's learning.

Agency workers, personal service company (PSC) workers, your own 'black book' or talent bank, the school platform can be used to manage any – or all – of these types of workers.

The platform offers 65 configuration options which can be set up to broadcast your vacancies to your tier-one staff first. If a suitable candidate is not available, and once a school specified length of time elapses, the vacancy can then be passed onto your agency panel to maximise chances of fulfilment.

- Platform training takes less than 30 minutes
- Mobile app for Android and iOS
- Drag & drop vacancy/booking creation
- Real-time dashboards
- Intuitive Agency Worker Regulation (AWR) management
- Job board integration
- Digital timesheet authorisation
- Mobile candidate review
- Report builder
- Invoice consolidation contractor self-billing for PSC
- Advanced rate and compliance control
- Bespoke tier and supplier management for each location
- 24-hour access

MANAGEMENT INFORMATION

Tried and tested across hundreds of schools, The Supply Register platform provides all the real-time analysis tools and management information you need to inform strategic planning and manage your budgets more effectively – and all with the click of a button. From invoice spend and cost analysis to reports that provide insight into agency performance and the school's reasons for cover.

- Reporting
- Invoice spend reports
- Forecast spend reports
- Reason for cover analysis
- Fill rate analysis
- Tier performance analysis
- Agency performance analysis
- Job category reporting
- Cost analysis
- Length of service reporting
